Page 1

Built in 1943 for \$2400.00, this building is located between 8th and 9th Streets with access off A Street. The type of construction is "Temporary," "Theatre of Operations." The building has most recently been used by the Federal Aviation Administration.

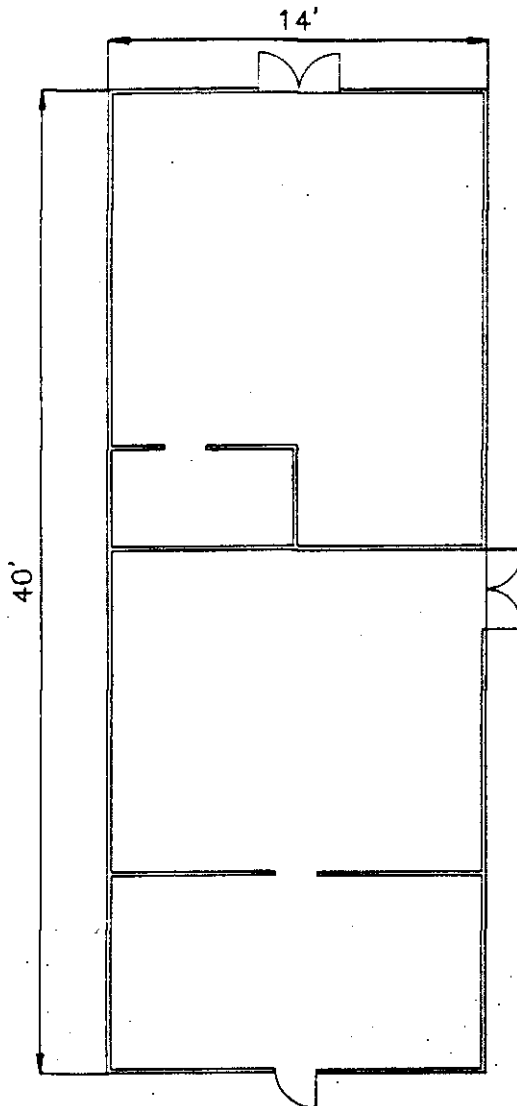

Building 1819's rectangular plan measures 14 feet by 40 feet. It has a concrete slab foundation and floor, wood frame construction with tarpaper roll siding, and asphalt roll roofing on the gabled roof. The tarpaper is secured with wooden battens. The interior of 1600 square feet contains three large rooms and one small room. The only interior furnishings were lights and a space heater. Access through a pair of double doors is from the south. The building appears to be in sound condition.
